

**COMING EVENTS AND COMMUNITY
ACTIVITIES**

Tuesday, March 7th at 10:15 A.M. at Concow School is the monthly Parents Club Meeting. All persons are cordially invited to attend, whether or not you have children in school. How about some of you grandmothers?

Tuesday evening on the 7th, at 7:30 P.M. at Concow School there will be a unification meeting. A representative from the County office will be present, also Mrs. Mary Dayton of the Croville Union High School Board of Trustees. Unification would mean that Golden Feather, Bangor, Honcut, Palermo, Thermalito, Feather Falls, Pioneer, and Croville would be under one administration and one governing Board of Trustees.

This would make a difference to all residents, and everyong is urged to attend.

Friday, March 10th, the Teen Dance will be held at Concow School beginning at 7:30 P.M.

March 11th, the Concow Grange will have a Swiss Steak Dinner at the Grange Hall.

The next Square Dance and Community Get Together will be held at the Grange Hall on March 18th. Mr. Earl Bonner of Chico is the caller, and does a great job.

The band from Concow School has several concerts planned for the month of March. The first being on March 10th at Paradise Intermediate School, they will be playing right after lunch. The second will be in Chico at the Marigold and Patridge Schools on March 16th. On the 18th they will be participating in the Northern California

Music Festival in Chico. On the evening of March 22nd, they will hold a Spring Concert at Concow School. Also an open house on that evening. Anyone who has not had the opportunity to hear the band play should do so, they are great!

SWIMMING POOL CONTRACT AWARDED

Mr. Don Lee Wilson of Chico has been awarded the contract on the swimming pool for Concow School. His bid was \$138,800, but plans are under consideration for changes and deletions in the amount of \$12,000. This would include a different filter type, and other constructional changes.

EDITORIAL

How many of us really look ahead? For instance in relationship to our own area, how many of us can truly visualize the way this community will look 10 years from now? The subdivisions are going in and land developers and investors are selling and buying property rapidly. Kirby Creek Road, Concow Creek Road, Ishi Trail, Concow Road behind the Jade Shop, Eugene Ringels development, Nelson Ear Road, Deadwood Road, Jordan Hill area, Big Bend, the area behind the Cathedralite Domes, are some of the land tracts will lots for sale and selling. People are buying this property and erecting home sites and homes. Many are retired or semi retired, but many are young, or middle aged working people with families looking for an out from the cities.

Take a Sunday drive one day when the weather and roads are good, follow out the roads leading off in every direction, you may be surprised at the number of cabins and mobile homes. True, some are weekend and summer residents only, but many of them have plans to become permanent residents in a few short years.

We had all better face the facts, this area will grow, perhaps just as fast or faster than Paradise did, and we had all best be prepared to grow with it. Opportunities are abundant for local and land owning residents, and you would do well to take advantage of

same, or the influx of new residents will.

There have been serious discussions on gas stations, grocery stores, summer cabins, resorts and restaurants. The ones discussing such matters are people from the Bay area, Los Angeles, etc. They see the opportunities and will take advantage of them, as is their right. It seems that some of our long time residents should consider such factors and thought provoking ideas too.

Many factors will not remain as they are for long. Taxes will increase, zoning will fall into stricter and restricted controls, much of the choice land will be gone and not all areas will have a readily available and abundant water supply.

Many residents resent the newcomers, they state they will wait until the time is right to take advantage of the growth situation. Well perhaps they are blinded by the closeness of the matter, the newcomers are not so blind and will not wait, as they know the time is right now.

We will all have to adjust to new ways, as old ways always yield to new. Such ridiculous statements are made as, "We never had any trouble till all these people started moving in", "a lot of them are hippies", "they think they can come in here and take right over."

The facts are, we have always had trouble, back to the beginning of man, there are a certain few who are born trouble makers, they are easily overlooked and ignored. Perhaps some of our new residents do have long hair, as many or more of them are doctors, business executives, policemen, retired teachers, and just plain hard working people. Come in here and take over what, they paid for their land, they pay their taxes, if they see and take advantage of opportunities local residents do not, who is to blame?

Yes, 10 years from now, Concow and

Yankes Hill will be developed beyond present recognition. Many residents will oppose the new residents and attempt to hang on to the old way, but they will gain nothing except frustration. Times are changing, the world population is growing, and so is our area, right before our very eyes.

HOROSCOPES

Weekly Horoscopes for the week of March 3 to 10, 1972.

CAPRICORN December 21 to January 21

Romance will play a major role in the lives of all Capricorns, new understanding and harmony will glorify your relationship.

Happiness will be the key word for you this week.

AQUARIUS January 22 to February 18

You may be busy making plans and decisions regarding a trip. A business trip with benefits for you personally and financially.

PISCES February 19 to March 20

Misunderstandings and quarrels are apt to disrupt your calm nature. State your feelings and do not back down.

ARIES March 21 to April 20

Careful planning now may save you a great deal of worry and concern later on. Your investments at this point could dramatically alter your future.

TAURUS April 21 to May 20

You may be the base of misunderstanding and misrepresentation. Do your best to clarify your position to all concerned, no matter what the consequences.

GEMINI May 21 to June 20

Beware that your hot temper does not bring anger and bitterness to those you love. Think things over carefully before reacting, you could be wrong.

CANCER June 21 to July 20

A promotion is in store in your work or business, which could benefit you financially, but place a great deal more re-

sponsibility on your shoulders.

LEO July 21 to August 21

A drastic change affecting your whole family life could take place this week. Perhaps a move to another location will be a decision to be faced also. Do not over exert yourself, cope with one thing at a time.

VIRGO August 22 to September 22

A fairly routine week for your sign. Many family affairs and functions will demand a good deal of your time.

LIBRA September 23 to October 22

Be a little selfish, do things for yourself. Take some time to be alone and do things that matter only to you. You will find you will be greatly rewarded.

SCORPIO October 23 to November 22

A disquieting week for you. Many disturbances and puzzling events may weigh heavily on your mind. Seek the advice of others to answer as many questions as possible. Try to do some research on your own.

SAGITTARIUS November 23 to December 20

You may become bored by the routine chores pressuring you. Escape to books or study to relax in between tasks. A minor accident could be avoided with greater caution at the end of the month.

RECIPE OF THE WEEK

TOMATO PILAU

1½ cups rice
1 can tomato juice add enough water to make 3 cups
3 or 4 tbsp. bacon grease
1 medium onion or 1 tbsp. onion flakes
Salt & pepper to taste
Pinch of soda

Brown rice in melted fat and add other ingredients. Bake in covered dish one hour at 350°.

RICE COOKED IN OVEN

2 cups uncooked rice
2 cups water
2 tsp. salt
2 tbsp. butter or margarine

Wash rice in hot water and drain. Mix all ingredients and bake in a covered dish at 350° for 30 minutes. Serve hot, makes 12 servings.

HOUSEHOLD HINTS

There are more from a collection by ULA.

If a vegetable or cereal burns, plunge the vessel containing the food into cold water and allow to remain for a few minutes, then put the food into a second pan and continue cooking if necessary. No scorched flavor!

To remove clinging fish odors from your hands, wash them in water to which salt has been added.

To remove skin and scales from a fish, dip in boiling water for a second or so.

POETRY CORNER

White Fields by James Stephens

In the winter time we go
Walking in the fields of snow;
Where there is no grass at all
Where the top of every wall, every fence
And every tree
Is as white as white can be.

Pointing out the way we came
(Everyone of them the same)
All across the fields there be
Prints in silver filigree;
And our mothers, always know
By the footprints in the snow
Where it is the children go.

LETTERS TO THE EDITOR

Dear Editor,

I attended Concow School when I was very young, and we lived in the area for

sometime. That was many years ago, but I have watched with great interest the many letters you have received regarding the swimming pool. Your District is most fortunate to have such an abundant building fund.

We are not so fortunate here, we have 2 children in high school, 2 in junior high and 2 who will be starting in a few more years. The rooms are overcrowded, the buildings are old with sections condemned. The heating systems are just not adequate and the teachers are not of the high quality we had always come to expect in California. Drugs are everywhere, last week a 10 year old girl took an overdose of seconal at school, she still remains in a coma, venereal disease is climbing weekly. In short, we would be delighted with your building fund, but our decision would be much greater in deciding which hazard to cope with first.

Be grateful you can afford a luxury like a swimming pool, and the carpets and radios in buses which were also mentioned. Be glad your buildings are not cracked and falling apart. Be ever thankful that you do not have 60 to 85 students in each room.

We enjoy the paper, and hope that our work here will soon be finished so we can return to California, we surely do miss it.

Sincerely,
Mrs. Shirley Caldwell
Hackettstown, New Jersey

Dear Editor,

We picked up a copy of your paper while we were in the area a few months ago, enjoyed it as it brought back many fond memories of all the small newspapers which flourished so many years ago.

We were wondering if any of your readers could give us information on the French settlement in Yankee Hill in the 1800's.

We have some knowledge of this and have searched for more with no success.

We are enclosing our check for a 4 month subscription and would appreciate seeing a reply in your paper if anyone has any information on the subject, it should make interesting reading for all of your readers.

Yours truly,
Mrs. Paul LeClerk
Bakersfield, California

INDIAN ARTICLES

The latest report from the Bureau of Indian Affairs states that California Indians should receive their money by late summer, however, they have cut down on the enrollment figures considerably due to some persons not sending in change of address, failure to fill out a questionnaire sent out approximately one year ago, etc.

In 1967, this editorial appeared in Many Smokes magazine out of Reno, Nevada, written by its editor, Sun Bear.

Many of our tribes and groups are in the process of collecting money for lands taken. In long past times, our ancestors suffered in hunger and poverty because of loss of tribal hunting grounds. Today our people are trying to adjust to living in a different society. The claims money will be paid on a tribal or per capita payment. The question that comes to my mind is just whose money it is.

I feel that it belongs to our ancestors, as well and to the future generations of our children; therefore, it should be invested on a tribal or individual basis to provide for the future needs and prosperity of our children and our people.

Some tribes have voted to a one third per capita payment and that two thirds be retained by the tribe to be invested in stocks, bonds and Reservation Development Enterprises. Profits can provide for scholarships for young people, and loans can be made available for ranches or small business enterprises. If this money is invested right, it can make the Indians a successful and independent people. It can give the means to develop our

reservations and when thinking of tribal enterprises, let us not limit ourselves only to Reservation boundaries. Some tribes own business buildings and enterprises in cities outside their area. And there is also the possibility of tribes with money investing in other tribe's reservations.

So let us use this money toward developing business investments and job opportunities for our young people. Let us train our people so that we will have the brains available among our own people to run these enterprises. Let us look forward in unity and dignity to progress that will bring good things for our people.
Sun Bear

We would still like to request that any persons who have information on our local Indians please contact us. Information on Kankau Indians is rather limited.

BULLETIN BOARD

FOR SALE: Used Frigidaire clothes dryer in good working order. \$25.00, call 533-7710.

FOR SALE: Large brown organic eggs, 50¢ a dozen. Call 533-9315.

FOR SALE: Trailer sized Coleman oil furnace, forced air, complete with thermostat. \$75.00. For information call 916-624-2796, or write William Wobbe, Rocklin, California. (Furnace is at Big Bend.)
