THE DAILY UNION.

SACRAMENTO, SATURDAY MORNING, APRIL 3, 1852.

Up-River News.

We are indebted to Gregory for the *Marysville Express* of Friday. We extract the following items:—

Some rascally Democrat, who hadn't the fear of newspapers before his eyes, ran a compleie saw on us the other day. He wrote us that Mr. Sparks, of Morris' Ravine, found a virgin lump there, entirely free from quartz, which weighed twelve pounds. The truth of the matter is that Mrs. Sparks was the finder, and it was a lump of a girl instead of a lump of gold. We hold the perpetrator of the above up to public contempt. Another similar discovery has been made in the ravine since then.

SPECIMENS.—We have seen a couple of fine specimens taken out of Oregon Gulch, near Long's Bar, on the Feather river. One was of pure gold, and weighed \$86.60; the other contained a little quartz, and weighed 9½ ounces. They were found near the head of the ravine.

MARRIED—On the 27th ult. at Cherokee, Oregon township, by Samuel Glass, Esq., Mr. THOMAS R. JONES to Mrs. JANE DAVIS, all of this county.

Also, at the same time and place, Mr. JOHN MUNSIL to Miss TYPHENUS FRUND, all of Oregon township, Butte county.

To our Cherokee friends, who have lately been making themselves useful to the world and ornamental to each other by getting married, we answer most decidedly in the affirmative. We are always pleased to announce such happy and important events as these. They have been of such rare occurrence heretofore, that we began to despair of having an opportunity to chronicle them; but now that the ball has opened, we desire that it may be kept in motion till about forty couples that we know of hereabouts are joined, to tread life's scenes together. We just say to you bachelors, that now is the time to go in—marry somebody's beautiful daughters forthwith, if not sooner, in order to give us a chance to talk about it. It is a delightful subject to dwell on.

OROVILLE, SATURDAY SEPT. 18, 1858.

POUNDS AND PENCE.—Huzzah for Mesilla Valley! Huzzah for Pence!! Huzzah for Pence's baby!!! May-be the world is ignorant of the fact that Pence is to-day a man of family—a daddy! He is that, and nothing previous. A boy baby—a son and heir was born to him as long ago as on Friday of last week. It is a terrible thing to contemplate,—a baby weighing more than its sire; but here we have one that report says weighs more *pounds* than *pence*—in fact it is an *eighteen pounder*—so Phil. Ripley says, at any rate, and he pretends to know all about it. Good for the jolly host of Mesilla! May this beginner be but the precursor of a household just like him, only a little differently arranged for wearing apparel. We are glad to know that mother and child are both doing well.
