Water Claim
of
Swamp Creek
Mining Co.

Notice!

The undersigned, under the name of the "Swamp Creek Mining Co." have heretofore appropriated, and reduced to actual possession by labor done and performed, the waters of "North Valley Creek," and of "Swamp Creek," in Concow Township, Butte Co. Cal. for mining & manufacturing purposes, a record of which locations, made April 25th 1875 appear of record in Book "B" of Butte County Records of "Mining & water claims" at page 187 & 190 - Now for the purpose of more fully setting forth all the rights of said company, notice hereby given that they have claimed, and do hereby claim the waters of said "North Valley creek" to the extent of 3000 inches, measured under a four inch pressure - said water is to be diverted from said stream at a point where a dam and ditch have already been commenced by this company, and conveyed thence by means of Ditch and flume of sufficient capacity to carry said amount of water, to "Swamp creek" and to be emptied therein at a point about two miles above the falls of said "Swamp creek" - We also claim 3000 inches of the waters of said "Swamp creek," measured under a four inch pressure, for mining, irrigating and manufacturing purposes, said water of "Swamp creek," so claimed, is together with the water from "North valley creek," heretofore claimed to be diverted from said Swamp creek, at or near the falls, aforesaid, and carried thence by means of ditch and flume of sufficient capacity to carry the same on such grade as may be most feasible and practical, by such route as a survey thereof shall show to be the best and most practicable to "Concow Valley," in said Township - We also claim the right of extending said ditch and flume on in the same general direction, to the "Sacramento Valley," to such point and at such time as may hereafter be determined -
